Vehicle for the K9 officer -Replacement request

McKinley Tot Lot- Parking safety and handicap access for visitors

Today's Child-Pre-K Counts graduation June 11th at 12pm to 2pm

drive by, almost similar to the trunk or treat set up we requested earlier this fall, where parents would park their cars in the Owen parking lot side and the kids would parade around it, they would parade down the driveway of our corporate office and turn right onto Owen Ave and enter the parking lot. This way parents are remaining at their cars and can take photos etc as

the graduates would walk by. We thought this was the safest, quickest way while still giving the parents and the children the Pre-K Counts graduation experience.

Board of Health- Implementation of the County Health Department/Inspections Lansdowne outsources inspection of (primarily) food/kitchens, along with other municipalities. The Borough's Board of Health overseen by the Public safety Committee vets the reports. Inspections will likely transition to the county once they are up and running.

Executive Session
